EESP 2022

2022 3rd International Conference on Electronic
Engineering and Signal Processing

CALL FOR PAPERS

Aim & Scope

The objective of the conference, to be held in Istanbul, Turkey during August 28-30, 2022, is to provide a forum for researchers and practitioners and professionals from the industry, academia and government to discourse on research and development, professional practice in the field of electronic engineering and signal processing.

Conference Topics

We welcome paper submissions on all areas of electronic engineering and signal processing. Example topics of interest include but are not limited to:

- » Ad-Hoc and Sensor Networks
- » Analog and Mixed Signal Processing
- » Bioimaging and Signal Processing
- » Biometrics & Authentication
- » Communication and Broadband Networks
- » Digital Signal Processing
- » Emerging Technologies
- » Hardware Implementation for Signal Processing
- » Image and Multidimensional Signal Processing
- » Image/Video Processing and Coding
- » Internet Signal Processing
- » Higher Order Spectral Analysis
- » Industry Technology
- » Machine Learning for Signal Processing
- » Natural Language Processing
- » Next Generation Mobile Communications
- » PDE for Image Processing
- » Sensor Array and Multi-channel Processing
- » SP for Bioinformatics
- » SP for Biomedical & Cognitive Science
- » Spoken Language Processing
- » Statistic Learning & Pattern Recognition

Paper Acceptance

All papers will be peer-reviewed. Each accepted paper must be presented at the conference by one of the registered authors. The final manuscript must be accompanied by the registration form and proof of payment.

Submission Methods

Please submit your paper through the EasyChair Submission Link: <http://confsys.iconf.org/conference/eesp2022>

Final Papers

Accepted papers will be published in IOP Conference Series: Journal of Physics: Conference Series (Online ISSN: 1742-6596; Print ISSN: 1742-6588), which will be submitted to EI Compendex, Scopus and some major databases for abstracting and indexing.
